 Swimsuit and Skirt for Tiny Kitty – Coquette - Cissette**

This pattern is designed to fit dolls such 10" Tonner Tiny Kitty, 10" Madame Alexander's Coquette or 9 1/2" Cissette. The one-piece swimsuit concept is by Dallas fashion doll clothing designer Sherlyn Lovell.

Follow the instructions and fabric recommendations for a perfectly fitted swimsuit and wrap around skirt. Your doll will be all set for an afternoon sunning around the pool or an evening of dinner and dance.

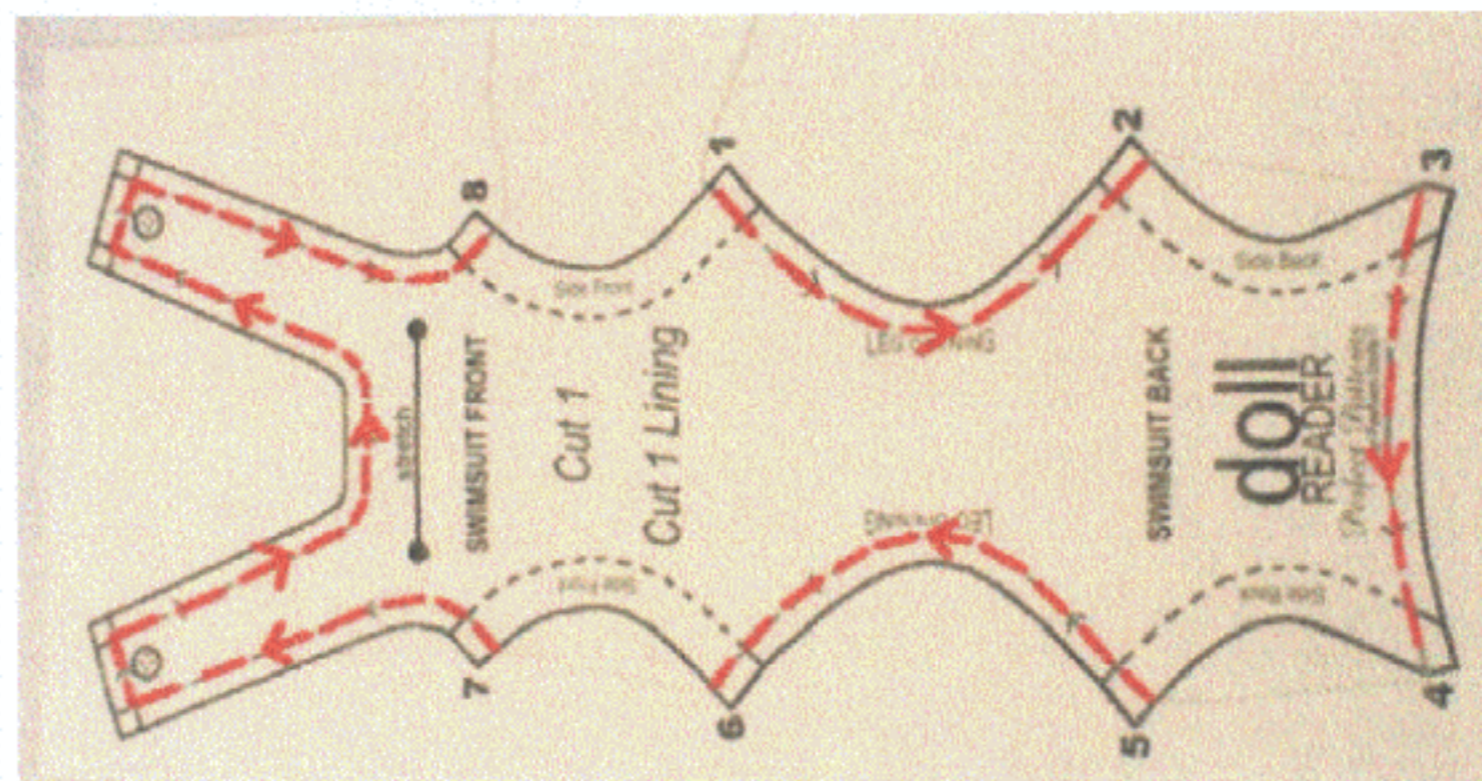

If you plan to use the pattern more than once, make a photocopy of the swimsuit pattern, as the pattern will be destroyed in the sewing.

Materials:

- 1/4 yard of Lycra stretch swimwear
- 1/4 yard of micromesh or swimwear lining fabric
- Thread to match fabric
- Sew on snaps size 4/0 or smaller

Swimsuit Instructions:

1. Lay the lining on the fabric right sides together and pin the swimsuit pattern in place with the stretch of the fabrics going across the width as indicated on the pattern. Sew your 1/8" seams before cutting, sewing the paper pattern to the fabric. Don't worry, the perforations caused by the sewing will allow the paper to be pulled off with no problems.
2. Sew the 1/8" seams in sequence starting with number 1 and skipping all the side front and side back seams and ending with number 8. The small arrows on the seam lines indicate the direction of sewing.

3. Cut away the excess fabric and paper along the swimsuit cutting lines.
